

Seagulls

# Our Social Mission

We work to create a fairer, more equal society free from prejudice, where all are welcomed and valued for their contribution. We recognise that all human beings depend on one another and the natural environment for survival, health and happiness.

## **Seagulls Re-use will:**

- Never turn away a customer or volunteer, unless they present a danger to others or to the company's aims and values
- Respect and defend the safety and dignity of customers, volunteers and workers
  - Support our volunteers, in any way we can, to find and develop the skills and confidence they need to improve their lives and the lives of those around them
  - Challenge prejudice and discrimination wherever we find them
  - Work with partners to advance our aims and values, increase the opportunities open to our customers, volunteers and workers and nurture and sustain the natural environment.
